

THE HOCKEY FARM

ELITE CHALLENGE 2023

Code of Conduct

The Hockey Farm is thrilled to host Elite Challenge Indoor Hockey Tournament for 2023.

As a hockey venue, not only do we persevere in the development of great hockey players and professional athletes, growing hockey as a sport in our province, but we also strive to build character and instil excellence in all our players. It is thus vital that all players and team officials respect and play by rules. We try to keep them to a minimum but, as a venue, we have to have a set of regulations to make sure the competition remains fair and that everyone has an enjoyable time here.

The Hockey Farm has the following rules, regulations in place for the competition:

- Warm-ups before matches will be allowed on the BLUE courts on the West side of the Indoor Centre, or on our Astroturf - if it is not being used.
- Change rooms and bathrooms will be open subject to cleaning.
- The Pool will be open **at your own risk**.
- Please don't litter.
- Strict hygiene practices will be expected from all players/spectators/coaches/staff/guests.
- The Hockey Farm is proudly a family friendly environment. We thus have a strict "no tolerance" anti-social and inappropriate behaviour. We will have anyone violating these policies removed from the facility.
- Alcohol can be purchased at the Venue. Alcohol CAN NOT BE BROUGHT ONTO THE PREMISIS.
- **Entry to The Hockey Farm and participation at any events hosted on our premises, is done at entirely your own risk. The Hockey Farm, owners, managers, staff or agents cannot be held responsible for any loss, injury, or even death that may occur.**
- Please note we reserve the right to allow or deny entry to all people attending events also, if you have been permitted onto the premises and display any disregard to any of the rules or regulations, we will be unable to have you stay and will have you removed from the facility.

We are excited to see you all and hope you all have a great time here at The Hockey Farm.
